

## **Important Instructions to the Authors for the authors to publish papers in ICIMMI-2024**

Dear Authors,

Starting January 2024, ACM has implemented a new Open Access (OA) publishing model for ICPS conferences. Here is a simple summary of the new model:

**Authors can opt for either of the below options for publication, after presenting the paper in the Conference:**

**Free Publishing (Corresponding or 1st Author has to be from either of the below given category)**

- **ACM Open Program Institutions:** If the main author's institution is part of ACM's ACM Open program (which includes over 800 institutions), the paper will be published for free. List of Institutions [\[https://libraries.acm.org/acmopen/open-participants\]](https://libraries.acm.org/acmopen/open-participants)
- **Low-Income Countries:** Papers from institutions in low-income countries or covered by ACM agreements will also be published for free. List of Countries [\[https://www.acm.org/publications/policies/full-waiver-countries\]](https://www.acm.org/publications/policies/full-waiver-countries)

Note:

**Discounted Conference Fees:** Get a 20% discount on conference registration if you are in any of the above mentioned category

### **APC Paid Publication Rates**

- **\$350:** For lower-middle-income countries (e.g., India) with at least one ACM member author. (Authors can apply for 50% waiver as per guidelines available at <https://www.acm.org/publications/policies/policy-on-open-access-apc-waivers-and-discounts>)
- **\$500:** For lower-middle-income countries with no ACM member authors. (Authors can apply for 50% waiver as per guidelines available at <https://www.acm.org/publications/policies/policy-on-open-access-apc-waivers-and-discounts>)
